KNIGHT SOLUTIONS is a service-disabled veteran owned small business (SDVOSB) 8(a) General Contractor with a focus on Energy Retrofit Expertise and Self Performing Site Work capabilities. Our qualified management team and labor force endeavor to give you consistent satisfaction on your project. By adhering to the detailed specifications and time frame, it is our commitment to provide superior service for specialty solutions. Building long-term relationships and trust with our clients set us apart from others.

Anyone can give you a "number" but Knight Solutions gives you a qualified bid with exceptional experience and cutting edge technology. Security and Safety are top priority when it comes to our clients. That's why with Knight Solutions, all employees must pass a mandatory drug test and full criminal background check. We work to build customer relationships by focusing on service, value, and communication. You'll find that we're easy to reach, quick to respond, highly skilled, comprehensive and very professional.

**GSA Schedule 03FAC
Facilities Maintenance & Management**

371 001 Grounds Maintenance Services include but are not limited to: the planning, development, maintenance, management and operations, for grounds maintenance at or on Federal facilities and/or properties. Mowing, planting, seeding, fertilizing, raking, mulching, watering, pruning, weeding, aerating, and all services related to grounds maintenance. This can include cemetery maintenance, but this is limited to grounds maintenance only.

371 004 Cemetery Maintenance Includes the complete maintenance of the cemetery and surrounding grounds. Including but not limited to: grounds maintenance; tree trimming/planting/removal; landscaping; raising, setting and aligning headstones; cleaning of headstones;

maintenance of pathways, drives, curbs and parking areas; trash removal; maintenance of existing fencing, railing, benches, flag poles, monuments or statues; maintenance of irrigation systems, drainage and water features.

003-97 Ancillary Repair and Alterations Repair and Alterations ancillary to existing SINs under this Schedule. Ancillary Repair and Alterations projects are those (1) solely associated with the repair, alternation, delivery or installation of products or services also purchased under this Schedule, and which are (2) routine and non-complex in nature, such as routine painting or carpeting, simple hanging of drywall, basic electrical or plumbing work, landscaping, and similar non complex services.
