

KNIGHT SOLUTIONS is an SBA 8(a) certified, service-disabled veteran owned small business (SDVOSB) General Contracting firm with expertise in Energy Retrofit construction projects and sitework self-perform capabilities. Specific areas of focus include retro-commissioning of energy consuming building equipment and systems with sustainable solutions such as integrated photovoltaic and geothermal systems. Our design build capabilities enable us to design and deliver effective solutions that reduce energy demand and extend the performance life of building systems. By adhering to detailed specifications and time frame, it is our commitment to provide superior service for specialty solutions. Building long-term relationships and trust with our clients set us apart from others. Anyone can provide a “number” but Knight Solutions provides a qualified bid with exceptional experience and cutting edge technology. We work to build customer relationships by focusing on service, value, and communication. You’ll find that we’re easy to reach, quick to respond, highly skilled, thorough and very professional.

Forrester Construction, one of the Washington Metropolitan area’s leading general contractors, has earned an industry-wide reputation for consistently delivering exceptional construction services on projects ranging from small tenant interiors to national landmarks including the Pentagon, Supreme Court, Ford’s Theatre, and Library of Congress. Established in 1988, Forrester has become a nationally ranked top 250 general contractor by Engineering News Record (ENR), attributable to the highly developed core competencies each Team Member contributes for the on-time, successful delivery of each project.

Forrester Construction is proud to have been approved by the U.S. General Services Administration (GSA) to serve as a mentor partner to KNIGHT SOLUTIONS. Our U.S. Small Business Administration Mentor/Protégé agreement is pending and once approved, the KNIGHT-Forrester Joint Venture is considered a small business and allowed to participate within the SBA 8(a) program. We look forward to working with Federal agencies under sole source and competitive procurements within the 8(a) program as a result of our strategic partnership.
